

# TRAIN-CE-FOOD

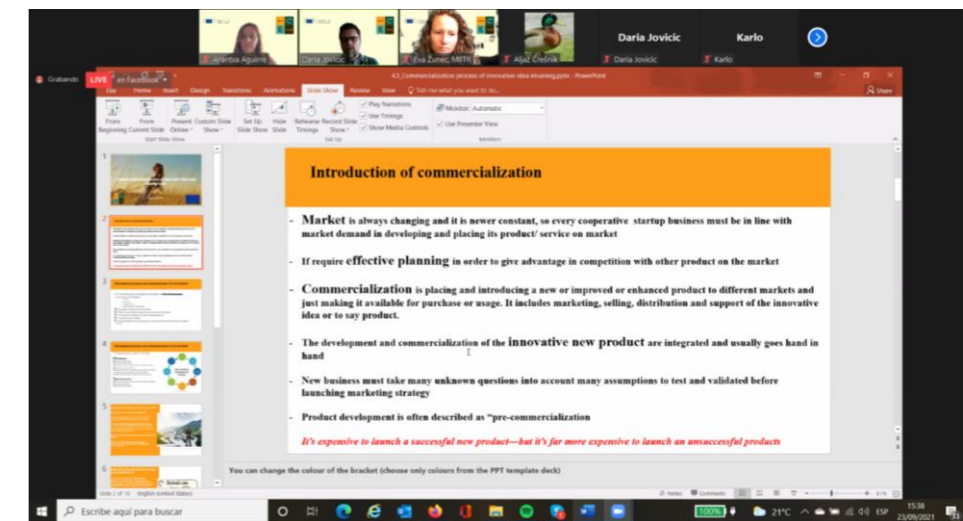

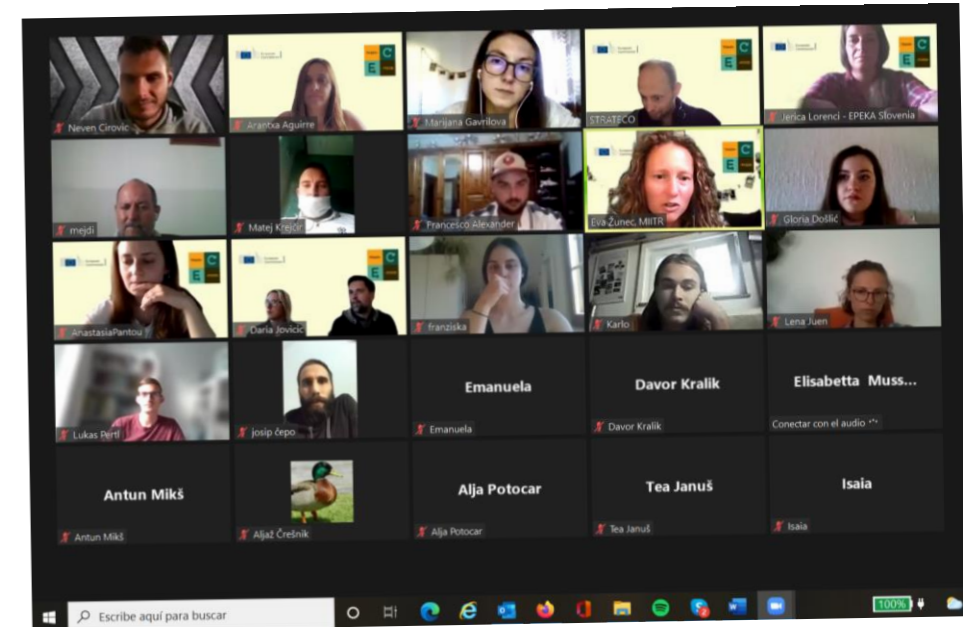

From 20th to 23rd of September 2021, it took place the Training event of the TRAIN-CE-FOOD project (SI2.823699). This Training should have been celebrated in Osijek (Croatia) but it was held online due to Covid-19 restrictions.

TRAIN-CE-FOOD project objective is acquiring innovative specialised competences for young people, enabling them to create efficient cooperative solutions and business models in the field of circular economy and food supply chain via open online learning and in-depth remote coaching.

The training was attended by a large number of international students during 4 days from 15:30 to 17:15. During these 4 days, the attendees met all the learning modules of the project (from 1 to 3) and had the opportunity to take part in the evaluation and feedback.

Besides, those who attended this training received a mentoring session in groups, and on the last day, the groups held a short presentation through the 3-min pitch system.

The feedback of participants was very positive, they were very happy about participating and learned about how to create a social enterprise in the framework of the circular economy.

Co-funded by the Erasmus+ Programme of the European Union
